Our plastic badges and wings are considered to be Children's Products under the Consumer Product Safety Act. All have been tested and results available through Knobby Kraft Line. A GCC (General Certificate of Compliance) is available and can be sent for your records. Age grade of 5+ years.

Also, per the Consumer Product Safety Improvement Act (CPSIA), tracking labels are required on all children's products and/or their packaging. The tracking label is a distinguishing mark that is mandated by the Consumer Product Safety Commission (CPSC) to enable both the manufacturer and the consumer to ascertain certain source and production information, including Country of Origin. Tracking labels should be viewed as permanent distinguishing marks which do not necessarily have to be in one location on the product. This information will be printed on the individual polybags. The information is then stored on the CPSC approved PPAI website link.
