Tear-Away Backing

Tear-Away Backing is the most popular stabilizer for embroiderers using stable fabrics. It makes the process of removing excess stabilizer faster and safer than Cut-Away Backing but should be used with caution on exceptionally delicate or stretchy fabrics.

100% Fiber / High Quality / Eco-friendly

- For most stable and non-delicate fabrics
- Quick and easy to remove
- Eliminates risk of cutting a garment with scissors
- Tears easily and cleanly in both directions
- Provides excellent hoop stability
- Will not perforate during the stitching process

Tear-Away Sheets

STYLE NO.	PACKAGE SIZE	SIZE	THICKNESS	WEIGHT
159-101	250 sheets	4.5" x 7"	0.28 mm	1.18 oz
159-102	250 sheets	4.5" x 7"	0.38 mm	1.68 oz
159-103	250 sheets	4.5" x 7"	0.47 mm	2.42 oz
159-108	250 sheets	8" x 8"	0.38 mm	1.68 oz

Cut-Away Backing

Cut-Away Backing is more commonly used for delicate and stretchy fabrics to provide maximum stability. It allows for better shape retention after repeated washing. Cut-Away Backing makes cutting easy and prevents fabric from being forced down the throat plate.

100% Fiber / High Quality / Eco-friendly

- Good for delicate and stretchy fabrics
- Stability during and after embroidery
- Retains design's shape after repeated washings
- Easy to cut and resist perforations
- Machine-washable and dry-cleanable (low shrinkage)
- Provides excellent hoop stability

STEP 3: PICK APPLICATION METHOD
