

2024 ECO TECH CATALOG

TECHNOLOGY CENTERED PROMOTIONAL PRODUCTS

These thoughtfully crafted items represent a commitment to a healthier planet, a brighter future, and a more responsible way of living.

By opting for eco-friendly products, you actively participate in reducing harmful emissions, conserving water, and preserving our ecosystems.

These choices lessen the strain on our planet, helping it recover and regenerate.

Natural Cork Material

Natural Cork is lightweight, durable, naturally antimicrobial and impermeable to water. Cork is consciously harvested by hand every 7-10 years from the bark of oak trees. This makes cork an easy choice when it comes to sustainable design in consumer electronics.

Wheat Straw Plastic

As society's awareness of the need for environmentally responsible alternatives to traditional plastics continues to grow, wheat straw plastics have emerged as a shining example of innovation in the pursuit of a greener future.
