# Sustainability

A NATURAL SOLUTION

Manufactured in North America since 1917, Qualatex® and AdRite latex balloons are biodegradable and photodegradable. When you see a clear balloon start to “fog” when in the sun, you are seeing it beginning to oxidize and photodegrade. The rate of degradation is highly variable as it’s influenced by many variables such as temperature, the amount of light, the presence of latex consuming microbes, etc.

## Pioneer® Line’s natural products promote a healthy ecosystem in a variety of ways:

- Research shows latex balloons biodegrade at about the same rate as an oak leaf.
- Latex harvesting “taps” rubber trees safely to create Pioneer Line balloons.
- Latex harvesting combats global warming by reducing carbon dioxide from the air.
- Latex products help prevent deforestation by making rubber trees economically valuable.

## STANCE ON BALLOON RELEASES

### Worth the Weight: Balloons Should Not Be Released

As a leader of the balloon industry, Pioneer Balloon Company has worked with others to implement a new industry position against releasing any balloon into the environment.

### Don't Let Go: Inflate. Weight. Enjoy.

People love balloons, but for many reasons no longer support balloon releases. We, along with other balloon makers, have worked hard to share and inspire the use of Smart Balloon Practices to keep balloons available for every occasion.

We stand with all communities by encouraging that balloons be weighted, not released outdoors, and disposed of properly when broken or deflated. Whether it's a single balloon or hundreds, let's keep them from flying away.

See page 18 for accessories.

# 17" Outdoor Display BALLOONS

17" Outdoor Display Balloons are manufactured for outdoor use. The thick-wall design provides a flying time of 35-50 hours depending on atmospheric conditions.

## Special Shape Microfoil BALLOONS

### BALLOONS FOR POINT-OF-PURCHASE

The power of point-of-purchase displays is increased with the use of special-shape Microfoil balloons. Special-shape Microfoils add color and motion to displays to boost brand recognition, as well as increase sales without losing floor space!

**Contact Customer Service for price quotes.** Pricing will depend on the number of colors, as well as the overall size and shape of the balloon. **Minimum for Custom Die Shapes: 5,000 balloons per shape and per design.** **Minimum for existing Die Shapes: 2,500 balloons per shape and per design.**

We have existing dies that are available at no charge (see examples at right). Contact Customer Service for other sizes, price quotations, and specific details.

# INFLATABLE EVENT Tents

Inflatable tents create a great venue for branding in addition to providing a unique portable shelter. Event tents are portable, sturdy, free of any hardware, and do not require continuous air supply. You simply inflate the legs once, and the tent is ready to go in a matter of minutes. They are packaged in one easy-to-handle carrying case, convenient for storage. The 4-leg construction even allows an 11' x 11' tent to fit in a small 10' x 10' booth space!

### KEY PRODUCT POINTS

Constructed with high-quality fabric, Custom Ad Inflatable Displays are wrinkle-resistant and water-repellent. When handled with care, they are reusable for years!

- Most components, including the built-in electric motor with continuous-running air blower and 8 ft. electrical cord are packaged in one, easy-to-handle, portable case. (Most 15 ft. and larger displays come with an external motor.) Shipping container not included.
- A light unit is included in most displays. (Light bulb not included.)
- To achieve the highest quality reproduction of artwork, we utilize state of the art digital 4-color process printing; airbrush and silk-screen printing may also be used. Ink will not crack or peel.

Sizes start at

## Guidelines for Supplying Artwork

### ELECTRONIC FILES

Email artwork to [artwork@pioneerline.com](mailto:artwork@pioneerline.com). Distributor name and purchase order number must appear in the subject line. Upload artwork at [www.pioneerline.com/artupload](http://www.pioneerline.com/artupload)

Type should be converted to outlines. All art should be imbedded and not linked. Artwork will be resized to the maximum imprint area of the product unless otherwise indicated.

**Latex printing:**

Adobe Illustrator™ CC or below in vector format.

**Microfoil® Printing:**

Adobe Illustrator™ CC or Adobe Photoshop® CC. For art submitted in Illustrator all support files must be supplied, including embedded images. Photoshop files should be 300 dpi in CMYK format. When supplying Photoshop files, including support files, please do not flatten the layers in the file. Please convert any text in your file to outlines or supply the fonts for live text.

No other file formats can be accepted, including InDesign® files exported for Illustrator.

**Flag, Tent, Table Cover, Banner, Economy Backdrop and Pop-Up Wall Printing:**

Adobe Illustrator™ CC or Adobe Photoshop® CC. Vector art recommended for most logos and text. Complex raster/bitmap or photographs must be a minimum of 75 PPI (pixels per inch) at actual printed size. For best results art should be 150 PPI at full printed size. Pantone spot colors recommended. Colors will be converted to Pantone matches unless otherwise stated. Art will be sized to maximum imprint available unless otherwise stated.

**Formats that are not accepted (in some cases they may be exported for Illustrator):**

CorelDraw®, Macromedia®, Freehand, Adobe® InDesign®, QuarkXpress®, Microsoft® Publisher, Microsoft® PowerPoint and word processing files such as Microsoft® Word.

Additional charges may apply to artwork not submitted in the correct form.

### HALFTONES AND LINE SCREENS

Halftones are printed at 40 lines per inch on latex balloons. Halftones are not accepted for 30" and 36" latex balloons.

### SHIPPING

- All orders shipped via ground method, unless order indicates otherwise. **No orders shipped C.O.D.**
- **Return Package:** Any addresses that are incorrect, undeliverable, address correction required, returns and abandoned shipments are all subject to being billed back to the Distributor within 60 days after product shipment.
- **Drop Shipments:** For shipments inside the USA, \$10.00 (F) per location.
- For split shipments to 10 or more addresses, a Microsoft® Excel spreadsheet with full address information must be supplied. Please contact Customer Service for the template file.
- **F.O.B. Factory:** Kansas for balloon orders.
- **F.O.B. Florida** for fabric products.

### MISCELLANEOUS

**Storage** – All latex and Microfoil® balloons should be kept in a cool, dry place, protected from extreme temperatures. Latex balloons should be stored in plastic bags and protected from light.

**Repeat Orders** – Final art will remain on file for the remainder of the current year plus three more years.

No re-setup charge.

**Trademark Usage** – All copy or other material submitted for use in producing the items ordered will be accepted as being submitted in full compliance with all applicable laws regarding trademark, service mark, copyright, right of privacy, patent, or similar protection.

**Due to the volatility of raw materials and rapidly changing market conditions, prices are subject to change. Our intent is to honor all catalog pricing through December 31, 2022; however this is subject to change. Please check our website, [www.pioneerline.com](http://www.pioneerline.com), for the most current pricing. Prices are in U.S. dollars.**

### HELIUM

Helium and nitrogen tanks can be rented from welding supply shops and a search under industrial gases. Different sizes of tanks are available and can often be delivered to and picked up from the event location.
