PHOTO ID TIPS *(Consistency is the key to a professional Photo ID Program)*

- Taking photos under the same conditions will yield the best results
- File size should be under 1mb and RGB. Our presses will convert for printing.
- Name the photo file the same as the name of the person.

CUSTOM FULFILLMENT IS OUR SPECIALTY

1. Choose your coaster, mouse pad or counter mat from this page.
2. We'll setup your online release program. Prepay the shipping cost and we'll take care of the rest.
3. You determine the parameters for your program. We can store ship-to locations in your online program.
4. We'll send 1 to an address, so you don't need to.
5. Long lists of personalization and/or ship to addresses is no problem. Upload or send us your spreadsheet. We'll take care of the rest.

RELEASE PROGRAM ^{RP}

Add \$3.70g/coaster or \$7.50g/mouse pad or counter mat placed in inventory. Product ships in 2 days. Release as few as 1 at a time.

THINS™ ULTRA LITE COUNTER MATS

HEALTHY AND STRONG, ALL YEAR LONG.

Take home a deworming product today and help keep horses healthy year-round:

WINTER
DECEMBER JANUARY FEBRUARY

ascaris

STRONGID™
(pyrantel pamoate)

The active ingredient in STRONGID Paste is pyrantel pamoate, which has been shown to be effective against ivermectin-resistant strongyles.*

SPRING
MARCH APRIL MAY

encysted small strongyles

QUEST™
(moxidectin)

The only long-lasting single dose treatment and control of encysted small strongyle larvae plus bots.

SUMMER
JUNE JULY AUGUST

pinworms & threadworms

ANTHELCIDE™
(anthelmintic)

For the control and removal of large strongyles, small strongyles, large roundworms, pinworms and threadworms.

FALL
SEPTEMBER OCTOBER NOVEMBER

bots & tapeworms

QUESTPLUS™
(moxidectin/praziquantel)

The only long-lasting single dose control of encysted small strongyle larvae plus bots and tapeworms.

For complete Equine Wellness, consider putting a veterinarian on your team

Do not use QUEST Gel or QUEST PLUS Gel in foals less than 6 months of age or in sick, debilitated horses. These products should not be used in other animal species, as severe adverse reactions, including death, have been reported. *Supervisors based on American Association of Equine Practitioners (AAEP) parasite control guidelines recommendations. †Vignatiello J. SPARK PLUGS FOR EVERY TUNE-UP

Double Iridium

4X
Longer Life*

Unique Iridium alloy developed by Bosch provides exceptional ignitability and performance.*

- 1 Double Iridium firing pin and ground electrode alloy provide 4x longer service life*
- 2 0.6mm fine wire firing pin provides better ignitability and durability
- 3 Tapered ground electrode provides better ignitability*

Double Iridium Pin-To-Pin

4X
Longer Life*

Unique Iridium alloy developed by Bosch provides exceptional ignitability and performance.*

- 1 Double Iridium firing pin and ground electrode alloy provide 4x longer service life*
- 2 0.6mm fine wire firing pin provides better ignitability and durability
- 3 Laser-weld provides superior retention of Iridium alloy pin to the ground electrode

Double Platinum

3X
Longer Life*

Greater performance, extended life and durability.*

- 1 Laser-welded platinum alloy ground electrode provides 3x longer service life*
- 2 0.6mm fine wire firing pin provides better ignitability and durability

Platinum

2X
Longer Life*

Improved ignitability and performance.*

- 1 0.6mm fine wire firing pin provides better ignitability and durability

OE Replacement

Longer Service Life

No Gapping Needed

No Anti-Seize

Exclusive 360° continuous laser weld fuses corrosion-resistant precious metal firing pin to base for durability and longest life.*

Mouse Pad & Counter Mat Ordering Information

Hard Surface Products

Hard surface products are easy to clean. Great for areas that will get heavy usage. The bright digital imprint is subsurface, making it durable and long-lasting. Digital Printing is done using a 4-color process press. For PMS colors please specify colors from the Pantone® Color Bridge® swatch book or the Pantone® Process swatch book. PMS matches are not guaranteed, but will be as close as digital printing allows.

Fabric Surface Products

Mouse Carpet™ surface products have a soft feel. The bright, dye sublimation printing on the surface is guaranteed not to fade. The soft fabric offers great mouse traction. Borders are not recommended, because of possible shifting during the printing process. Counter Mats are available with an antimicrobial protection built in during the manufacturing process. Fabric surface remains clean by actively inhibiting and discouraging the growth of bacteria, mold and mildew. Color matching is not available on these products.

Artwork & Setup Charges

The best results are achieved by sending us a 300 DPI flattened PDF. Colors will be converted to CMYK for printing. All fonts should be outlined. Setup charges are included in our mouse pad and counter mat products. Artwork charges may be necessary if additional time is required to bring artwork up to acceptable standards. We bill artwork charges at \$100g/hour with a minimum charge of 15 minutes.

Bleeds, Borders & Crop Marks

Hard surface (pages 85-87, 90-93, 96-97) $\frac{1}{8}$ " bleed

Fabric (pages 88-89, 94-95) $\frac{1}{4}$ " bleed

Window (pages 85, 96-97) $\frac{1}{4}$ " bleed

We recommend the appropriate bleed beyond the product's imprint area. Artwork without a sufficient bleed may require artwork charges. All mouse pads and counter mats have rounded corners, to minimize curling. There is no need to include rounded corners on artwork. Do not include crop marks. Templates are available by contacting customer service. Borders are not recommended, because of a possible .125" shifting that can occur during the cutting process

Proofs

Electronic proof of product layout is provided at no charge. All orders are proofed before production time starts. Electronic proofs are a PDF document, emailed to you at low resolution. You should check ALL Proofs thoroughly, as once you approve it, the file becomes final. Check for color accuracy (if you chose to use spot colors), and make sure there are no typos. The accuracy of the proof imprint is your responsibility and we accept no liability if imprinting represents what you signed off on with this approval. ActNow by Halls & Company reserves the right to control any attempts to find an equitable solution.

Spec Samples

An actual preproduction sample of a product is available. Preproduction samples are produced in our normal production time. Shipping charges will be billed on spec sample invoice.

Production Time

Production time does not start until your proof has been approved and order acknowledgment form is signed. We are not able to do rush orders.

- USA made orders generally ship in 15-20 working days. Orders will ship via ground service unless other arrangements have been made. Shipping costs will be added to your invoice.
- Imported orders generally ship in 40-50 working days. Orders will ship via ocean freight service. Optional air freight costs will be billed.

Additional Options

Contact your customer service rep for more information on any of these available options:

- Less than minimum catalog quantity
- Special packaging, including poly bagging.
- Drop shipping

Popular Mouse Pad Sizes

Popular Counter Mat Sizes

Go to ActNowMedia.com for complete listing of sizes

Backing Material Types

- **Heavy Duty** is the natural open cell rubber. This is our most popular option. Fabric: $\frac{1}{16}$ ", $\frac{1}{8}$ ", $\frac{3}{16}$ ", $\frac{1}{4}$ " Hard: $\frac{1}{16}$ ", $\frac{1}{8}$ "
- **Medium Duty** is SBR, which is a man made rubber. It is softer feel and lighter. Similar to Neoprene in texture. $\frac{1}{8}$ " thick
- **Light Duty** is an EVA foam, a closed cell foam. Think of those summer flip flops! $\frac{1}{8}$ " thick
- **Non-Skid** is a rubber coating on our Thin products. It prevents the pad or mat from shifting on most flat surfaces. .02" thick
- **Repositionable** is an adhesive that allows you to remove and stick the pad or mat where ever you need it. .02" thick

Engraving Material Color Chart

All materials are 2-ply and 1/16" thick. Information listed is: Color number, surface color and lettering color.
Beveled edges will match the lettering color. Colors are as close as printing methods allow.
Please request a color chip if you are concerned about color matching.

1-214 Polar White Black	1-205 White Blue	5-754 Brushed Gold Black
1-854 Almond Black	1-512 Blue White	5-354 Brushed Silver Black
1-402 Black White	1-552 Navy White	5-344 Matte Silver Black
2-382 Grey White	1-602 Red White	Need a badge material color we don't show here? Contact customer service about additional options. We may need extra time for custom orders. You can also look at our full-color badges on pages 6-9. You can choose any background color of your choice!
1-912 Pine Green White	1-622 Burgundy White	

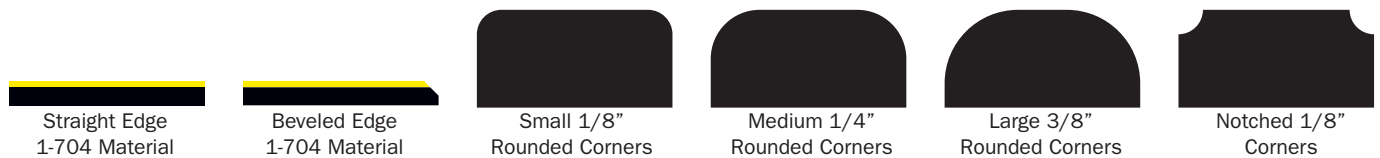

Engraved Fonts

Available on all engraved products (name badges and nameplates). Engraving fonts can be italicized at no additional charge. Specify ALL UPPER, all lower or Upper and Lower Case when ordering. Engraving layout change charge \$25.00g.

SOFIA LIGHT	ABCDEFGHIJKLMNOPQRSTUVWXYZ abcdefghijklmnopqrstuvwxyz 1234567890		

Edge & Corners Options

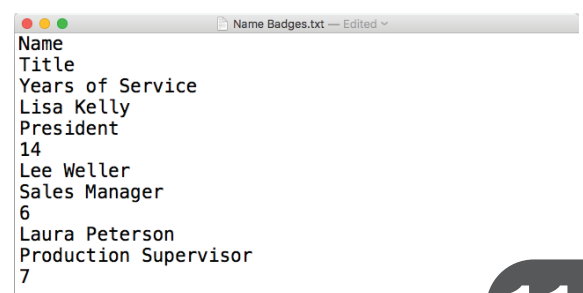

Edge options are available for Deluxe Name Badges and Engraved Nameplates. Corner options are available on Deluxe Name Badges, Engraved Nameplates, Wood Badges & Wood Tags. Rounded corners are available on Brass and Aluminum badges.

Engraved Personalization

Name lists should be provided in a text format, Notepad or Word document. Each line is equal to a line of personalization. The file shown would be for a 3 line badge with the name on first line, title on the second line and years of service on third line.

Please note that we will print the text exactly as you send it. Example: pETERSON will engrave exactly as typed. Double check your spelling, etc. We do not proof name lists. Orders are not considered complete until the name list is received.

Tips for UV Inkjet Products

Our UV inkjet printer applies ink to the surface of the product. Full-color logos can now be used with any of our engraving materials to give you the best of both worlds!

Material color?

- White. No problem, you'll get great results on any of our white materials.
- Colored material. We generally will print white first, to get the color you expect.

What digital format is your logo?

- EPS (vector file). You'll be able to pick and choose where the white will appear behind your logo.
- JPG or TIF. We will need to review the artwork. The white will generally need to be placed under the entire image.

White fills in transparent areas

Material shows transparent areas

Standard Screen Printing Color Chart

One color is included in the price of most screened products. Colors are as close as printing methods allow. PMS numbers listed are for reference only. For an exact match add \$40.00g for a Pantone® color match.

Orange PMS 172	Red PMS 185	Fire Red PMS 485	Rhodamine same	Burgundy PMS 208	Purple PMS 2587	Process Blue same	Peacock Blue PMS 293	Reflex Blue same	Navy PMS 289
Yellow PMS 109	Green PMS 348	Forest Green PMS 342	Teal PMS 322	Brown PMS 469	Gray PMS 429	Metallic Gold PMS 872	Metallic Silver PMS 877	Black same	White same

Digital Personalization

Name lists for digitally printed products should be sent in an Excel spreadsheet or tab-delimited text file. Each column is equal to a line of personalization. The file shown would be for a 3 line badge with the name on first line, title on the second line and years of service on third line. Include the location, font and size of personalization.

Please note that we will print the text exactly as you send it. Example: pETERSON will print exactly as typed. Double check your spelling, etc. We do not proof lists. Orders are not considered complete until the name list is received. Sending in photos? See page 10 for tips on sending files for Photo IDs.

	A	B	C
1	Name	Title	Years of Service
2	Lisa Kelly	President	14
3	Lee Weller	Sales Manager	6
4	Laura Peterson	Production Supervisor	7
5			

Condensing Personalization

With the automation of personalization has come some additional issues that need to be addressed when ordering your personalized products. If a name and/or title is too long, what should we do? There are several options:

1 Condense the information

The choice is yours. We will discuss your options for your particular requirements. Condensing is the most popular option, since it leaves all the information intact. Note the change in readability, however:

STEPHANIE JOHNSON
at 100%

STEPHANIE JOHNSON
at 80%

STEPHANIE JOHNSON
at 65%

2 Abbreviate parts of the information

For example a title of Vice President of Sales and Marketing could be shortened to VP of Sales & Mktg.

3 Truncate the information

Truncating your imprint will cut-off the information at the end of a line. For example if Stephanie Johnson wanted her title Vice President of Sales and Marketing on her badge. We may end cutting off many letters off her title because there isn't sufficient room on the badge.

Shipping & General Ordering Information

Production Time & Rush Service

Normal production time is 5 working days on most products. Production time is started after receipt of order, approved artwork, approved proof, approved credit and order details are clear.

Rush service is available only with prior approval of customer service. Production times are in working days (Monday-Friday excluding major holidays). Changes made to an order in process could result in a later ship date. Proofs may also lengthen production time. Shipping time should be added to our production time. Air shipment charges will be added to any rush charges.

Repeat Orders

Repeat orders should include our original invoice number and date to ensure exact duplication. Artwork is kept for 2 years, after that time it will be necessary to provide new artwork and new setup charges will apply. PMS match charges will occur with reorders.

Shipping

Unless specified, order will be shipped by UPS ground, FedEx Express Saver® service or First Class Mail. Expedited services are available when authorized by the customer. A handling charge of \$5.50x per package will apply to orders. Release programs are not subject to handling charge.

Less Than Minimum Charge

If ordering less than the minimum catalog quantity, a less than minimum charge will apply to the order.

Pricing

Prices are subject to change without prior notification.

Product Guarantee

We warrant our products against defects in materials and workmanship for a period of 90 days from the date of the invoice. During the warranty period, a product determined by us to be defective will be repaired, refunded, or replaced, at our option, at no charge. This warranty does not apply if the product has been damaged by accident, abuse, misuse, transportation, or as a result of a service or modification other than by us. This warranty is in lieu of any other warranty expressed or implied. We cannot be liable for incidental or consequential damages, such as lost revenue, arising from the purchase of our products.

Artwork Disclaimer

The artwork, designs and trademarks imprinted on the products displayed herein are reproduced only as examples of the type and quality of imprinted products available and are not intended to represent that products are either endorsed or produced by the owners of the artwork, designs or trademarks. All trademarks in this catalog are registered trademarks of their respective owners. The factory assumes no liability for trademark or copyright infringements on customer supplied artwork.

Proprietary Development

Negatives, positives, screens, dies and other proprietary materials furnished by IDLine remain the property of IDLine unless otherwise negotiated.

Artwork Specifications

Artwork Charges

Artwork charges may be necessary if additional time is required to bring artwork up to acceptable standards. We bill artwork charges at \$100.00g/hour with a minimum charge of 15 minutes. If you are adding photos to any product, please contact customer service regarding detailed digital photo requirements or see page 8.

Color Matching • Screen Printing

Screen Printing uses mixed inks to apply individual colors to the surface of the product. PMS color matches are \$40.00g per match. Charges will appear on all reorders. PMS matches are not guaranteed. Dramatic changes in appearance of ink color will occur on dark plastics, brass, aluminum or wood.

Color Matching • Digital Printing

Digital Printing is done using a 4-color process press. For PMS colors please specify colors from the Pantone® Color Bridge® swatch book or the Pantone® Process swatch book. PMS matches are not guaranteed, but will be as close as digital printing allows. Neon and metallic colors are not available on digital products.

Color Matching • UV Inkjet Printing

UV Inkjet Printing uses process colors to apply ink to the surface of the product. PMS matches are not guaranteed, but will be as close as digital printing allows. Neon & metallic colors are not available on digital products. Dramatic changes in appearance of ink color will occur on dark plastics, metals & wood.

Copy & Color Changes

Change of ink color within an order, add \$25.00g. Material colors can be changed at no additional cost. For change of copy (example: tag line on badge or name and phone number on business card magnets) add \$25.00g per change. Copy changes need to be a minimum of half our lowest catalog quantity.

Color Matching • Sublimation Printing

Sublimation printing uses heat and pressure to chemically bond ink to the substrate. Color matching is not available on these products. Dramatic changes in appearance of ink color will occur on aluminum. Colors are translucent and will show texture of aluminum, black ink is solid and recommended for type and personalization.

Proof Charges

Your first electronic/paper proof is done at no charge. If you require additional proofs, each one will be \$12.50g.

WHY USE AN ONLINE INVENTORY PROGRAM?

- Badges are shipped within 2-3 business days.
- Long lists of names can be sent via spreadsheet through our online release website.
- Ship to locations can be stored for easy shipping.
- Receive email alerts for low stock levels. Contact your distributor to reorder!
- Check our website (<https://www.idline.com/inventory-release-program.htm>) for full details on our release program.
