We're Helping Make a Difference

Creating Products that Help You Get the Job Done

Our foundations are anchored on principles of enabling self-expression. For over 70 years, it has been our mission to provide quality writing instruments that help you tell a story, sketch a picture, sign significant deals, excel in school, do your job well at the office or at home, and many more that require the reliability of a Pentel product.

Mark Your Brand on Quality

We stand for quality and strive to innovate. The only company in its industry to receive the Deming award in recognition of the highest standards of quality, Pentel Imprint products are promotional tools you can trust to carry your branding through many years.

Sustainability with Simple Deeds

We don't stop at responsibly making quality and innovative products. We go beyond enabling self-expression. We place great emphasis on our corporate social responsibilities and in our own small ways, we seek opportunities to help positively impact the well-being of our community and the health of our environment.

Over 70% of all Pentel products are made from pre-consumer recycled materials as part of our exclusive Recycology™ program, requiring products be made from at least 50% recycled materials.

RECYCLOGY REFILL | REUSE | REPEAT

Pentel Imprint's commitment to help heal our planet is reaffirmed by delivering only refillable, reusable, and recyclable writing instruments. It is our mission to help eliminate a throw-away culture that swells landfills. Our parent company, Pentel of America has proudly partnered with the Arbor Day Foundation to establish a corporate goal to plant 40,000 trees by 2021. Purchase of Pentel products will help us contribute to this worthy organization and help keep the planet greener and cleaner for future generations.

Community Contributions

We've made products specifically for helping causes. Proceeds from the purchase of our select pink and purple writing instruments go towards organizations in need.

RESEARCH
FOUNDATION

BCRF
Pentel has developed "pink" products in cooperation with the Breast Cancer Research Foundation. Every purchase of qualifying products will help us contribute to this life-saving organization and help fund breast cancer research until we finally find a cure.

**PANCREATIC CANCER
ACTION NETWORK™**
**WAGE
HOPE**

PANCAN
Pentel is the official "Purple Pen of PANCAN", the Pancreatic Cancer Action Network – an organization dedicated to fighting the world's most-aggressive form of cancer. Purchasing violet EnerGel products will help Pentel send much-needed funds to PANCAN for research, clinical initiatives, patient services and advocacy.

MAKING A *lasting* IMPRESSION

Thank you for discovering the best.

For over 70 years, Pentel has supplied the world with high-quality writing instruments. As a pioneering manufacturer, Pentel was the first to develop graphite lead and our Super Hi-Polymer lead remains the most popular in the world. We also invented rollerball technology – the smoothest way to express ideas; as well as a variety of mechanical pencil inventions that are the hallmark of the industry.

We take pride in our craftsmanship and control the manufacturing process by producing every mechanical pencil, lead, eraser and pen in our own factories. No other manufacturer can match this commitment to excellence. In fact, Pentel is the only writing instrument company to ever receive the Deming Award in recognition of the highest standards of quality. Plus, we back all of our products with a limited lifetime warranty against mechanical defects to ensure you remain a happy Pentel user for as long as you keep writing.

We are equally committed to the environment and responsible manufacturing. Our Recycology™ products are environmentally friendly writing instruments that don't cost a fortune. Every product is produced from a minimum of 50% recycled materials and nearly all of them are refillable, reducing landfill contributions and saving you money.

Placing your brand on a Pentel writing instrument demonstrates a commitment to quality, performance and the environment that your employees and customers can appreciate and use for years to come.

We would like to thank you for making the “write” impression.
