CRAFT CRYSTAL

Making **Every Day** Sparkle

A Award-In-Motion™

When the Brewery created Burgers for the Hungry, an event to raise money for a local food shelf, they wanted an award to give to the highest donor. The “Spinning Burger Award” was a fun way to feature their prize-winning burger.

B IllumaPix™ Plaque

When the Brewery won Best of Beer, they created an IllumaPix™ crystal featuring their magazine appearance.

C Bottle Cap and Keychain

As the Brewery grew its fan base, the owners decided to offer a few gift items for sale. The bottle cap paperweight and quirky keychain are not only fun, but profitable.

In 2020, a Brewery was established in a large city in California.

They needed a way to highlight their achievements, thank their investors, and celebrate!

We came up with some creative solutions for them.

E Encapsulate

What better way to showcase an award winning recipe than inside a sparkling crystal? On display, yet still a secret, the Founder's Recipe is safely tucked inside a crystal Encapsulate Award.

F Goal-Setter

It was important to track growth as the Brewery grew; as revenue stacked so did the blocks on a Goal-Setter.

G Liuli Award

The orange Liuli Award capitalized on the Brewery's orange logo, making it a stylish representation of the brand, while communicating appreciation to its many investors.
