Strong Badge Cases

We at Strong Leather Company are proud to present our latest catalog of handcrafted badge cases, wallets, gear bags and holsters. Whether you're purchasing our USA made products or an item from our economical, imported Centurion line, both are designed with the same attention to detail, and constructed using only the finest genuine leather to ensure years of use. All of our recessed badge cases and wallets have been engineered to provide maximum protection for your badge or ID. The badge insert is removable for fast easy mounting, and includes two holes, which enables the badge to be worn around the neck when a chain is added. Our products, both classic or contemporary, are designed to meet the critical demands of today's law enforcement community.

Duty and Dress Cases ●●●●●●

Strong manufactures both Duty and Dress cases to meet your needs. Duty cases are made from heavy-duty police grade genuine leather with English cut edges (layered edge) and framed windows. Dress cases are made from a supple genuine leather with French turned edges (leather is turned over the outside edge) and a moire lining for a more formal appearance. The windows are either framed like a picture or sewn-in bound windows that show more of your ID.

Custom Badge Cutouts ●●●●●●

For customizing your case or wallet, nobody comes close to Strong. Over 2000 badge shape cutouts are currently available - far more than any other company. Strong can precisely die cut for your particular badge.

Custom Imprinting ●●●●●●

Strong will further customize your case with imprinting or debossing with a minimum order of twelve cases. Also, custom seal imprinting will be quoted upon request.

Custom Emblems or Seals ●●●●●●

We can make custom color metal seals. The seal can be recessed in the case. Call for custom quote.

Round Corner ●●●●●●

We have rounded the corners on some of our imported products. It makes it easier to put the case/wallet into your pocket, as badge cases/wallets are usually wider than your personal wallet. It will also prevent the corners from curling when in your pocket and reduce the chance of wearing a hole in your pants.

Slide Thru Window (STW) ●●●●●●

If your double ID's are attached to a commission book we have designed an easy method to put them in a case. Just slide them through the slit in the left window.

Smart Card Window ●●●●●●

Available on cases with double ID's. Keeps your Access/Smart Card easily available to show.

RFID

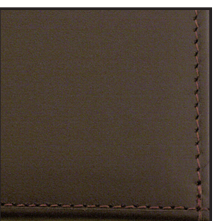

Many credit and smart card ID's have RFID chips embedded in them that contain your personal and departmental information. Our RFID signal blocking lining is approved by the Federal Government to block RFID transmission and helps prevent identity theft.

Strong Leather Company has been a leader in the Law Enforcement industry for decades. As a family owned business, spanning four generations, we have enjoyed a long reputation for providing the marketplace with high quality, hand crafted leather goods at a reasonable price. Since 1932 our commitment to the highest standards of quality, and our attention to ever detail, has earned Strong Leather the respect and loyalty of law enforcement officers worldwide.

Located in Gloucester Massachusetts (America's oldest seaport), Strong Leather Company bases its manufacturing/warehousing operation in one of the country's oldest mill buildings. Our 50,000 square foot factory has been on The National Register of Historic Places since 1996. As one of the few remaining leather goods manufacturers in the United States, we at Strong Leather are dedicated to using the highest quality materials available in each of our handcrafted products. It is no wonder why we are the largest, and most well known manufacturer of leather badge cases, wallets, and ID products in the world. As with our badge cases, our gun holsters, belts, and accessories offer the same high quality standard. For your safety, every one of our holsters is individually molded to your gun specifications, providing a safe, high quality product at a reasonable price.

In the mid 1980's, our Strong team started searching the world for the highest quality products to compliment our most successful domestic lines. After years of development, we introduced our Centurion line of imported badge and ID products, which has since become a staple for most municipalities across the country. In more recent years, we launched our Deluxe Gear Bag line, which drew immediate industry attention and success. Adding to our impressive history, seven United States Presidents and their administrations have personally used our Gift Products, and a long list of world leaders and dignitaries have been presented with our award and citation cases. As in the past eighty years, Strong Leather Company continues to bring new and innovative product designs to the marketplace.

Thank you for your continued support.

Centurion Badge Cases

Our genuine leather imported Centurion line, is the perfect economical alternative to our "Made in the USA" line. Designed to fit both our customers needs and expectations, most of our cases feature round corners to prevent curling, leather framed ID windows for extended wear, black suede dividers to protect your badge, and come with turned edges for a true professional look.

Our badge cases and wallets are available with a standard stock badge cutout or can be custom cut to recess your exact badge. We also offer foil imprinting or debossing with your department name or logo.

Side Opening Badge Case

Over the past 80 years, Strong Leather has earned the reputation as the world's largest supplier of leather wallets, badge and ID cases. In the past 25 years, while maintaining our GSA contract, we have become the Federal Government's largest badge case manufacturer, and the supplier of choice for most municipalities. We continue to exceed our customer's expectations with our "Strong" commitment to quality, value, continuous improvement, and on time delivery. With over 2000 badge cutouts, you can be assured we have the cutout that fits your badge. To further enhance your case we offer foil stamping or debossing with your department name, seal, or logo.

Belt or Neck Badge Holders

Model 811 with chain

Model 811 series

Round shape for stars

Recessed Badge Holders for Neck or Belt

All models are custom cut to fit your badge. The badge is easily attached by separating the Velcro® front and back. A unique pocket holds the chain when not in use and the chain can be easily deployed to wear around your neck for high visibility.

We have over 30 different shapes so your badge holder will have the least amount of leather around your badge. If you do not know the shape just order the model number with an "X" in the fourth digit. (Example: 811X0) If you want a chain for model 807 or 811 add a "7" to the fifth digit. (Example: 811X7)

Double Thick
Badge Section for Model 807 series

Model 807 Series

If your badge is dapped (curved) or your badge has a pin fastener you may want to buy our model 807, which has a double thick badge section, as your badge will fit deeper in the recessed section. The model 807 has a metal clip to wear on up to a 1¾" belt. Specify if you want a chain.

Model 811 Series

Model 811 has a single layer of leather in the recessed area. Best used for flat badges. The model 811 has a metal clip to wear on up to a 1¾" belt. Specify if you want a chain.

Model 8110A

Badge Spacers-Velcro®

Does your badge move around in your clip-on badge holder? These spacers take up the extra space and lock your badge in place for either non-recessed or recessed clip-ons.

Badge Case Information

Ordering Information

When selecting and ordering your case or wallet, be sure to keep in mind.

- the badge manufacturer, model number and width of badge.
- the number and size of your ID's including lamination.
- the printed area of your ID.
- the imprinting desired.

If a double ID or badge case doesn't have a divider an optional one can be added by adding a "3" to the end of the model number. The divider prevents the window(s) from scratching and prolongs the use of your case.

Custom Cut Badge Shapes

We have a website to help you determine the proper cutout for your badge. Go to www.StrongBadgeCases.com. If you do not know the manufacturer and/or model number just fill in the following.

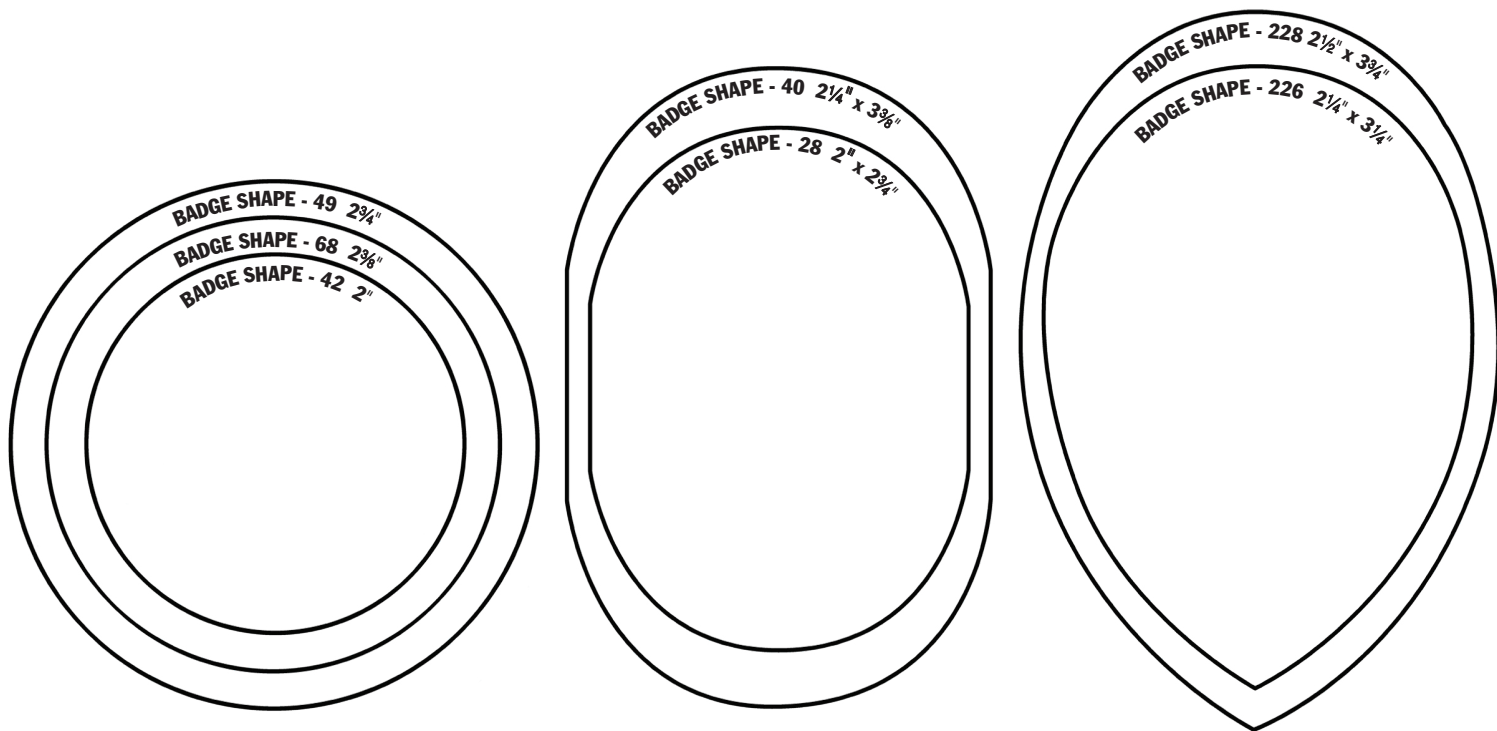

- Pick the shape of your badge (Example: 6 point star with balls.)
- Select the width and/or the height. Measure to the widest or tallest point. (Example: 2")

It will show you all the badges that meet your requirements and all that are 1/8" smaller/wider or shorter/taller than your selection. You will need to print your selection so you can select the proper cutout.

If you want us to determine your cutout just scan or fax us a tracing or photocopy. Please indicate the width and height of the badge.

Universal Badge Shapes

The cutouts below can be used with any recessed badge case or wallet depending upon the maximum width that fits the product. The size of the universal cutout is indicated within the badge shape number. Just place your badge on the outline and determine which cutout fits your badge best, other universal cutouts are available.

Use ruler to measure badge or ID

Deluxe Gear Bag

Model 90700 Deluxe Gear Bag

Not your basic gear bag. Our's has an easy access top pocket that is perfect for the items you will need in a hurry or on a daily basis. This pocket cover zips off completely making it easy to decorate with your department patch, logo or personalization.

Strong Duty Holsters

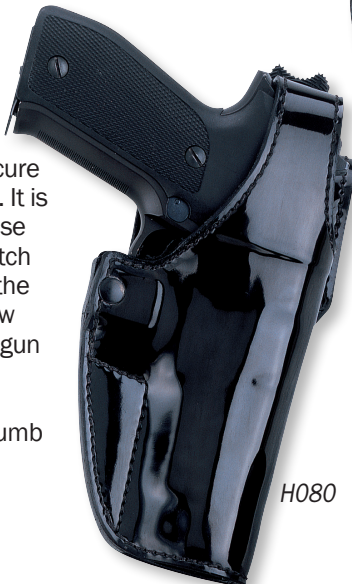

The Piece-Keeper™

Strong's patented safety latch thumb break retention system, keeps your handgun secure until you need to draw it. It is easy and instinctive to use by rotating the thumb latch to the rear and unsnap the thumb break as you draw your weapon. Your handgun remains secure in your holster until the latch is rotated back and the thumb break is unsnapped.

H052

H080

H300

H306

H304

Piece-Keeper Defender™

H052 - Piece-Keeper security design with covered trigger guard that helps prevent removal from above or behind. Spring open front allows easy release of gun but remains securely closed when gun is in holster. For medium-frame revolvers with 4" barrel. Available lined, in black, with plain or basketweave finish.

Defender™

H050 - This is identical to H052, except this holster features a conventional thumb break. (Not shown.)

Piece-Keeper™ Jacket-Slot

H080 - The Piece-Keeper safety latch thumb break positively retains your gun in your holster. This holster has a built-in belt tensioner and a jacket slot so you can wear your jacket between the belt loop and the pistol grip. Features covered trigger guard and fully leather lined. For medium-frame revolvers with 4" barrel and semiautos. Available in black, with plain or basketweave finish, or in high-gloss Clarino.

H081 - Same as the H080 but rides 1½" higher for a mid-rise style holster. (Not shown.)

Duty Jacket-Slot

H090 - This is identical to H080, except this holster features a conventional thumb break. (Not shown.)

H091 - Same as the H090 but rides 1½" higher for a mid-rise style holster. (Not shown.)

First Chance™ Pancake Holster

Here's the original "pancake holster", often imitated but never matched. The First Chance holsters ride high and snug, and fits unobtrusively against your body. All First Chance holsters have a covered trigger for your added protection and reinforced thumb break. The three belt slots design can be worn conventionally or as a cross-draw holster. All are available with 1¾" belt loops and available for revolvers in 2"- 4" barrels and semiautos.

H300 - Leather and polymer reinforced thumb break. Available unlined in black or tan with a plain or basketweave finish. Lined holsters available in plain only.

H304 - Has the unique Piece-Keeper security latch with a leather and polymer reinforced thumb break. This unlined holster is available in black or tan with a plain or basketweave finish.

H306 - Designed for budget conscience individuals or departments. This unlined holster has a reinforced thumb break. Available in black or tan with a plain finish only.

Concealment Holsters

Hide Away

H100 - The most economical, concealable lightweight holster you can buy. For revolvers from 2-4" and semiautos of all sizes that clips on the inside of your trousers. Made from the finest, softest buff finished sueded split cowhide.

Thumb Break Hide Away

H110 - For added security, we've incorporated a unique, Velcro® - adjustable thumb break in our popular Hide Away holster. Features metal-reinforced thumb break. Available for revolvers in 2-4" barrels and semiautos of all sizes.

The Slide

H308 - The Slide Holster is a two slot open bottom holster. Available in plain black or tan unlined only. For small and medium frame revolvers and semiautos.

Shoulder Holsters

Shoulder Holsters

Shoulder Holster includes a holster, leather harness, double magazine holder. Available in black or tan, plain only.

H260 - Standard thumb break.

H261 - Piece-Keeper thumb break.

Optional Accessories

A5046 - Breakaway cuff holder.

A5950 - Snapoff oval badge holder.

A5951 - Snapoff circle badge holder.

Available in black or tan, plain only.

Deluxe Sam Browne

B710 - 12/14-oz., 2¼" wide, finest top-grain leather, finished edges, fully lined, featuring four rows of stitching. Nickel or brass buckle. Black only in plain, basketweave, or high-gloss Clarino.

Sam Browne

B700 - Same as B710 with two rows of stitching.

Velcro® Sam Browne

B720 - 12/14 oz., 2¼" wide, finest top-grain leather, finished edges, fully lined with four rows of stitching. Velcro® closure eliminates shiny, reflective hardware and reduces bulk. Black only in plain, basketweave, or high-gloss Clarino.

B721 - Same as B720 with a added decorative Sam Brown Buckle. (Not shown).

B722 - Same as B720 with added Velcro interior lining which can attach to the B764 inner belt. (Not shown).

Deluxe River

B730 - Handcrafted top-grain 14 oz. cowhide, 2¼" billet-style, fully lined, lock-stitched (including keepers) with nickel or brass buckle. Black only in plain or basketweave.

Garrison

B760 - Classic style in 1¾" width. Hefty 8/9 oz. cowhide, with crease edge and nickel or brass replaceable buckle. Black only in plain or basketweave.

Velcro® Garrison

B762 - Reduces bulk for wearing under duty gun belt. 1¾" width in hefty 8/9 oz. cowhide, decorative stitching and finished edges. Black only in plain or basketweave.

B763 - Same as B762 except with hook, for additional security. (Not shown).

B764 - Same as B762, but fully Velcro® lined and used with B722. (Not shown).

1½" Dress

B860 - Handcrafted of 8/9 oz. cowhide. Finished and sealed edges, decorative stitching, and replaceable nickel or brass buckle. Black or tan in plain or basketweave.

1¾" Dress

B850 - Same as B860 except 1¾" wide. (Not shown).

1½" Dress

B861 - Same as B860 but available in Black or Brown with brush nickel buckle.

Duty belts are available in Tan or Cordovan color on a special order basis only. When ordering belts, give exact waist size: All 2¼" wide belts are measured from end of buckle or hook to middle hole, we add an extra 2" in length. In these styles, a belt marked 36" actually measures 38" from buckle to center hole. All other belts are measured from end of buckle or hook to middle hole.

Duty & Off Duty Accessories

All Strong accessories, unless otherwise described, are designed to fit belts up to 2¼" wide. Available in Black, Tan* or Cordovan* color (*special order only). Accessories are available in plain, basketweave or high-gloss Clarino finish, with the following snap closures: nickel, brass, black, hidden or Velcro® closure. The symbol (V) and/or (HC) indicates that an item is available with a Velcro® closure or made in high-gloss Clarino. Add (V) to end of model number to order Velcro®. Add (HC) to end of model number to order Clarino. Add (HS) to end of model number to order hidden snap.

Magazine Pouches

Please specify model number of gun when ordering.

A514 - Designed for easy access with an open top. This holder clips on a belt up to 1¾" wide. Plain only. (Not shown)

A517 - Double magazine pouch for most magazines. Fits vertically or horizontally on belt. (V)(HC)(HS)

A518 - Dual magazine, tension screw, open top for easy access. Fits 1¾" or 2¼" belt. Plain, black or tan.

A611 - This unique holder keeps the magazine in place by our wet mold design and adjustable tension screw. It remains secured on the belt with a directional snap. Plain, black or tan, right or left hand. Fits up to 1¾" belt.

Cuff Cases

A500 - Open cuff case with divider to hold each cuff separately for easy access. Holds standard or hinged cuffs.

A501 - Compact case for standard or hinged cuffs. (V)(HC)(HS)

A504 - Features quick release for all chain or hinged cuffs. Plain only.

A540 Baton Ring Holder - 1½" ID ring. (V)(HC)

Glove Pouch

A581 - Slides on a 2¼" belt and holds two pairs of surgical gloves. (V)(HC)

Flashlight Holders

A542 Flashlight Holder - Rugged plastic ring accommodates D-cell lights. (V)(HC)

A5530 Rechargeable Light Holder - Snaps on a 2¼" belt with a one way snap. (HC) See chart below.

A5531 Rechargeable Light Holder with Flap

Light holder is secured to the 2¼" belt with a directional snap. (V)(HC)(HS)

Add the following to model A5530 or A5531:

- 1) Streamlight Stinger, Laser Sure-Fire 8X and NIGHT STICK.
- 2) Streamlight Poly-Stinger and NIGHT STICK-Poly.
- 3) Laser Model 6R.
- 6) Streamlight LED.

A5540 Compact Light Holder - (HC)

A5541 Compact Light Holder with Flap - (V)(HC)

Add the following to model A5540 or A5541:

- 1) Streamlight Scorpion, Strion LED and the Laser Sure-Fire 6P.
- 2) Mini-Mag.
- 3) Bayco TAC Series.
- 4) Bayco TAC Series rechargeable.

Key Holders

A545 - Heavy-duty snap. (V)(HC)

Keepers

A535 - ¾" wide double snap. (HC)

Shoulder Strap and D-rings

A570 - Traditional design shoulder strap. Plain only. (HC) (Not shown)

A571 - Detachable sliding dees to hold strap to belt. Plain only. (HC) (Not shown)

A572 - Strap with dees. Plain only (HC).

Strongcore™ Ballistic Holsters

Our unique hard shell design, allows you to insert and remove your handgun and accessories without hesitation, separating Strongcore™ from all others.

Duty Holsters

N082 - This Strongcore duty holster has our unique Piece-Keeper latch for positive security and a steel reinforced holster and belt loop. The holster has a built-in belt tensioner, jacket slot and covered trigger guard. Designed for semiautos only and 2¼" belts.

N083 - This holster has the same features as the N082 but rides 1½" higher for a mid-rise style holster. (Not shown.)

N092 - Identical to the N082 except this holster features a conventional thumb break. (Not shown.)

N093 - Identical to the N092 except this holster rides 1½" higher for a mid-rise style holster. (Not shown.)

Pancake Holsters

N324 - Equipped with the Piece-Keeper safety latch to secure your weapon. The holster has a unique tunnel belt system that gives a clean look but pulls the holster in close to you. Available for semiautos only and fits 1¾" belts.

N320 - Just like the N324 but has a conventional thumb break. (Not shown.)

N082

N324

Strongcore™ Ballistic Belts

Duty Belts

N740 - This unique 2" belt has been designed to give the wearer an easy method to adjust the belt by moving the buckle along the 10" Velcro® strip. Unlike other ballistic belts, you get to use the full length of the belt for your equipment. Velcro® lined to be used with our N750 or N752 Under Belt to hold your belt in place.

N741 - Same as the N740 but without the Velcro® lining. Keepers should be worn with this belt. (Not shown.)

Under Belts

N750 - This 1¾" reinforced pant belt is used with our Velcro® lined duty belts like our N740. It is lined with Velcro® to hold the duty belt in place.

N751 - This 1¾" reinforced pant belt is used as a gun or trouser belt and easily supports your gear. (Not shown.)

N752 - This ultra thin non-reinforced 1½" web belt is lined with Velcro® and designed to be worn with Velcro® lined duty belts.

N740

N750

N752

All belts available in Small (26-32), Medium (34-40), Large (42-48), and Extra Large (50-56).

Duty Accessories

Designed to slide or snap on belts up to 2¼" wide.

N405 Cuff Case - Holds standard or hinged cuffs.

N417 Magazine Holder - Double magazine pouch accommodates most magazines. Fits vertically or horizontally on belt. Please specify gun model when ordering.

N450 Glove Pouch - Constructed of heavy duty nylon webbing. Holds two pairs of gloves for your personal protection.

N451 Glove Pouch - Holds two pairs of gloves.

N449 Streamlight M3 and M6 Holder (Not shown).

N436 1" Wide Keeper

N442 Flashlight Holder - Fits D-cell flashlight.

N445 Key Holder

N4530 Rechargeable Light Holder without flap (Not shown.)

N4531 Rechargeable Light Holder with flap

Add the following to model N4530 or N4531.

- 1) Streamlight Stinger, Laser Sure-Fire 8X and NIGHT STICK.
- 2) Streamlight Poly-Stinger and NIGHT STICK-Poly.
- 3) Laser Sure-Fire 6R.
- 4) Inova T4
- 5) Inova T5
- 6) Streamlight Stinger LED

N4540 Compact Light Holder

N4541 Compact Light Holder

with flap - (Not shown.)

Add the following to model N4540 or N4541.

- 1) Streamlight Scorpion, Strion LED and the Laser Sure-Fire 6P.
- 2) Mini Mag.
- 3) Bayco TAC Series.
- 4) Bayco TAC Series rechargeable.

N455 Expandable Baton Holder - Just add the size number after the model number to your order.

1½" x 4¾" canister Size 02

1¾" x 5" canister Size 03

1½" x 6½" canister Size 04

N488 Molded Radio Holder

Designed to fit most radios up to 3¾" x 1½" x 9" in size.

N489 Molded Radio Holder

Same as N488 but slides on belt. (Not shown.)

Holsters, Belts & Accessories

For Your Safety

Strong holsters are designed to fit properly and work efficiently with specific modern, factory-equipped handguns. A holster should be used only with the gun specified for that holster. The use of trigger shoes, grip adapters and other modifications could cause the handgun to fit improperly and/or discharge accidentally. Modified or customized guns should not be used in Strong holsters, nor should worn, damaged, or guns of inferior quality. Proper training by accredited instructors in the use and holstering of firearms should be received before the purchase or use of these products. Careless or negligent use of firearms may be dangerous and could result in death or injury, with or without our products.

The purchase and use of Strong products are done at the sole risk and responsibility of the purchaser. The manufacturer limits liability to the repair or replacement of its products if defective at the time of purchase. Each Strong product is inspected before shipment, but it should be inspected by the purchaser at the time of purchase and, for holsters, periodically thereafter. Snaps and fasteners should be inspected regularly to insure proper security of the handgun.

When first fitting and trying a new holster or practicing with your current holster, the handgun must always be unloaded. No holster is completely secure. The user must exercise proper gun retention techniques.

Ordering

When ordering any Strong holster, belt or accessory, please provide the following information:

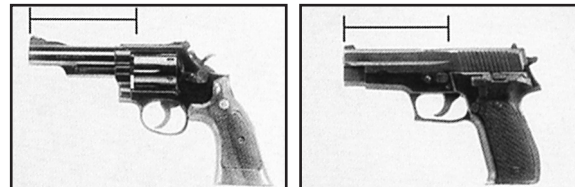

1. Model number
2. Color (black, tan* or cordovan*)
3. Finish (plain, basketweave or high-gloss Clarino®)
4. Hardware (nickel, brass, black or hidden snap)

When ordering holsters, please give the following additional information:

1. Manufacturer of gun
 2. Model and caliber
 3. Barrel length
 4. Right or left hand
 5. Lined or unlined
 6. For S&W semiautos, type of trigger guard (square or round); if not stated, round guard will be assumed.
- Note: Strong holsters will fit snug at first, then quickly break in for the best fit. A Strong holster should not be used for any gun other than the one for which it is specifically designed.

Measurement

Check the barrel length of your gun before ordering. For revolvers, measure from the face of the cylinder to the end of the barrel. For autos or semiautos, measure from the back end of the breech to the end of the barrel.

For belts give your exact waist size. That size in our 2 1/4" wide belts is from the end of the buckle or hook to the middle hole; we then add an extra 2 inches of length (so a belt marked 36" will be equivalent to other 38" belts). Other Strong belts are measured from end of buckle or hook to middle hole.

*Models A5045, A518, A611, B850, B860, H306, H308, H260 & H261 have no minimum quantity in tan. All others please call.
