Our History

American Made Cutlery has proudly manufactured kitchen knives and utensils **since 1948**, selling over **170 million pieces** of cutlery! Each knife and utensil is crafted with a minimum of 13 steps. All manufacturing and raw materials are **Made in the USA** and each piece of cutlery is **guaranteed for life**.

Craftsmanship

surgical-quality T420 high-carbon stainless steel blades for maximum edge retention on all knives

finger guards for maximum protection

resin handle on all black knives for better dishwasher tolerance

all non-serrated blades are hand sharpened for a razor-sharp edge and hollow ground for a concave surface, ensuring easy resharpening

ergonomic comfort grip

permanently cast solid brushed aluminum handles on all our silver knives, satin finish - hand wash only

Care Instructions

Hand washing all fine cutlery is recommended to prevent microscopic dings on the blades' cutting edge. Hand washing also eliminates the harsh environment created by a dishwasher's high temperatures and abrasive detergents and helps protect your knives from corrosion, ultimately extending the life of their finish.

Lifetime GUARANTEE

American Made Cutlery will replace any product manufactured by our company returned to us due to defects in material or workmanship.
