REMEMBER, THE AVERAGE

BEACH TOWEL LASTS MORE

THAN 15 YEARS

Did you know beach towels are kept around the house for an average of 15 years?

And, according to some customer correspondence, some even last upwards of more than 40 years. Talk about leaving an indelible branding message that lasts!

Our white Beach Towels shine with a crisp, clean look and eye-popping optical brightening. And with 100% cotton terry velour and dobby end hem borders, they feel as good as they look. When it comes to promoting your company, no other promotional product comes close to towels for long lasting visibility.

There's a life lesson that you have to 'accentuate the positive'. In this case, that's your logo. The plush white Turkish terry velour is great for single or multi-color printing; the bright end hem colors were selected to coordinate with the most popular logo colors. By combining these design elements, your logo will draw attention wherever it goes.

Available in white with royal blue, lime green, turquoise or orange hems on both ends of the towel. Choose from two sizes:

- Midweight 30" x 60". 11 lbs./doz. (IB11)

- **INK COLOR-MATCHING:** No charge for PMS color match. Exact color match is not guaranteed. A pre-production sample is **required** when color matching is critical.

ARTWORK REQUIREMENTS:

- Email art files to arts@towelspecialties.com. Submission must include your purchase order number in the subject line.

ACCEPTABLE FORMATS:

- ColorFusion (bags, sarongs, chairs) and Screenprinting: Illustrator Version CS2 or lower: Create all fonts to outlines, then save as both an "ai" file and as an "eps" file. Files created in Corel Draw may be exported as an "ai" file. This process automatically converts the fonts to outlines. In Corel/PC language, "converts to curves" is the same as the Macintosh Language "Create Outlines." For Photoshop (Mac or PC), save file as a "tiff" or "jpeg" for transfer over e-mail (no larger than 1 megabyte). The minimum requested "dots per inch" (DPI) size is 300 dpi.
- ColorFusion (towels): Submitted artwork should be at least 150 dpi. Lower resolution may result in poor clarity. PMS colors should be provided for reference; exact PMS color match not guaranteed. Critical design elements should be no closer than 2" from edge. Include at least 1" bleed on all edge to edge artwork to ensure no clipping of imported elements due to natural variances in towels. All over backgrounds with dark colors should be avoided, since color intensity may diminish and grinning may occur. Designs should be in proportion to dimensions of the product.
- Digitized embroidery: Tajima, Toyota, Barudan, Melco, Stellar, Brother, and ZSK. Designs that require digitization must be in Adobe Illustrator (Version 8.0 for Mac) or Photoshop (Mac or PC) and must include a color sequence sheet.
- Artwork/Lettering Tip: Lettering fonts should be no smaller than 3/8".

VIRTUAL PROOFS:

- Submit artwork and detailed specifications to virtu@towelspecialties.com. Allow 48 hours for completion of virtual proof.

We will not be held responsible for the condition or inspection of customer supplied products and will require a waiver signature upon arrangements. **RETURNS & CLAIMS:** A 15% restocking charge applies on all pre-approved returns.

Merchandise returned to factory without an RMA number (Returned Merchandise Authorization) will be refused and returned to sender. Requests for merchandise returns must be made in writing within 10 days of receipt of merchandise. Sewn golf towels are custom made and are non-returnable.

THIRD PARTY DECORATORS: Altered blank products may not be returned. Customer/decorator is responsible for ascertaining suitability (including, but not limited to, color, quality and style) of blank products prior to decorating. Towel Specialties will not be responsible for shortage claims when merchandise is shipped to a decorator, and must be notified within 48 hours of receipt of goods regarding any product issues. Box weight audits are used to determine actual package quantities at time of shipment. Any claims for delays or damage in transit must be made with carrier. Product warranties are void for products decorated by anyone other than Towel Specialties.

PRODUCT WARRANTIES:

- All products are guaranteed against defects in material and workmanship for a period of 90 days from the invoice date.
- **COMMERCIAL & INSTITUTIONAL USE:** All products are intended for individual promotional use. Warranty explicitly excludes commercially laundered products and those used for institutional purposes. **Printed towels must not be washed together.**
- **TOWEL CARE:** Never wash printed towels together since color transfer may occur. Prior to first use, wash screenprinted terry products in cold water and line dry. Some ink washout is normal, therefore, wash separately to prevent color transfer. Do not use bleach or launder commercially.
