BEST PRINTING PRACTICES

- Colors may be CMYK; however, extra charges may be incurred for an exact PMS match.
- Artwork must be in the correct orientation (landscape or portrait) to fit the product including the bleed. Art templates are available at sungraphix.com

INSERT PAGES

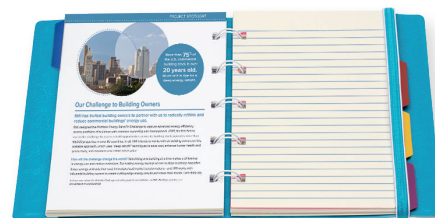

Add custom pages to any of the Fillofax notebooks or planners. The pages are printed on white 8-point glossy paper inserted in the front or back of the book. See pricing shown below.

INSERT PAGE ART REQUIREMENTS

A packaged Adobe InDesign file would be best. Please include all fonts and linked images. A print ready 4-color pdf exported to bleed, but without crop marks would also be accepted. Please download the art template at www.sungraphix.com to assure the correct image area for your product.

The possibilities are endless for the custom pages, but here are a few suggestions to get you started.

- Products and services
- Locations
- Contact information
- Event listings
- Maps
- First aid
- Company information & history
- Regulations & guidelines
- Health tips
- How-to
- Record logos
- Membership information
- Mission & vision statements

How SunGraphix™ is working to minimize environmental impact

Cleaner, Greener Inks

All of our inks are vegetable oil-based, a renewable resource.

Recycled Paper Choices

We use recycled paper containing 50% post-consumer fiber to protect the environment. Our paper is also acid-free. This environment-friendly approach means the paper color will not change over time.

Wind Energy

This catalog was printed with 100% wind generated power.

Paper Conservation

We use virtual proofs to use less paper and provide our clients with color-rich electronic proofs in the most efficient way possible.

Press Technology

Increased use of digital printing means less chemicals, less paper, and a lesser overall environmental impact.
