VICTORINOX 1884 - 2023

MORE THAN 130 YEARS OF EXPERIENCE AND LIVED SWISS TRADITION

“A Victorinox product is a companion for life. Since our company was founded in 1884, we have always settled for nothing less than the highest quality. When you hold a Victorinox product in your hand, you can feel this immediately. So it should come as no surprise that they are often chosen as corporate gifts.

They are a symbol of generosity and bring pleasure wherever they go. I am delighted to invite you to take full advantage of this enduring statement of quality and to benefit from our more than 130 years of company history and over 100 years of experience in manufacturing corporate gifts.”

A handwritten signature in black ink, reading "Carl Elsener". The script is fluid and cursive, with a prominent initial 'C'.

OUR TYPES OF CORPORATE GIFTS

A corporate gift is a conversation. A way to communicate just how much you value both your clients and your employees. It shows everyone who your company is and what it stands for. We can help you with that conversation. Our corporate gifts have quality, elegant design, multifunctionality and innovation already built into them. All you need is to choose a product and add your corporate identity, and your message is clear.

REWARD YOUR EMPLOYEES

- Motivate your team with thoughtful gifts they will love to use
- Show appreciation for jobs well done with a proper “thank-you”
- Celebrate events, birthdays, anniversaries, weddings, newborns, retirement; mark milestones, reward superior performance

CELEBRATE YOUR CLIENTS

- For loyalty programs, promotions, gifts-with-purchase, premium presents
- As incentives or rewards
- Celebrate special occasions with your customers
- Strengthen customer relations and gain new customers
- Share gratitude and appreciation
- Keep your customers thinking about your business

A Victorinox Corporate Gift helps you communicate just how much you value both your clients and your employees.

SIX WAYS TO PERSONALIZE YOUR POCKET KNIVES

Personalization offers customers and employees an emotional way to engage with your brand. Thanks to our six scale options, you can turn an iconic tool into a special pocket knife that reflects the characteristics of your own brand – adding even more value to an already coveted item.

DIGITAL PRINTING

Today, over 90% of the printing jobs we carry out at Victorinox use the B3 digital printing process. This method is suitable for everything from single color imprints to edge-to-edge photo printing in CMYK, resulting in impressive detailed designs.

PAD PRINTING

Our pad printing method is used primarily for logos and designs with up to four colors. A clean and crisp design is created from this decoration type. It is the preferred method for any metallic colored designs.

DIGITAL HAPTIC 3D PRINTING

Unique new enhancement options have only recently become possible, thanks to the introduction of clear ink. Digital haptic 3D printing creates raised surfaces that feel realistic to the touch, such as canvas, leather, animal skin, etc. It provides a tactile 3D experience while maintaining the benefits of regular digital printing. This method is only done for larger orders produced in Switzerland. See our website for more details.

LASER ENGRAVING

Laser engraving is suitable for a range of surfaces. On wood and grip, this method creates a perception of depth that can also be felt by touch. On metal, the lettering and logos appear on the surface in anthracite or grey. In general, laser engraving features a high level of wear-resistance.

ETCHING

This is the perfect procedure for permanently decorating all blades and Swiss Tool scales. The inscription is done through electrolytic oxidation (electrolyte and etching current). The etching appears in anthracite or dark grey and offers outstanding durability.

ENGRAVING

With this classic technique, a tool cuts the letters into the material. On synthetic materials surfaces the engraving is then filled with a contrasting color. Logos and lettering are also possible for diamond engraving on Swiss Tools. Suitable for small runs.

EASY STEPS FOR PERSONALIZATION

Order your personalized gifts in 3 easy steps:

1. CHOOSE YOUR PREFERRED PERSONALIZATION OPTION

No matter which one you choose, your expectations will be fully met.

2. PROVIDE YOUR ARTWORK*

3. “READY TO PRINT” PROOF

On receipt of the first order, we will send a 1:1 color proof in PDF format showing the artwork applied on to the printable surfaces.

* Designs must meet Victorinox Brand Standards and be approved by Victorinox before production.

Designs May Not:

- Incorporate the Victorinox logo in a manner other than its typical size and location*
- Be developed for use as an in-line product, non-specific to a particular customer or buying group
- Feature obscene or politically-charged graphics or text
- Feature lewd or rude graphics or text
- Include nudity or pinup girls
- Include skulls, crossbones, or satanic-inspired graphics
- Include weapons: guns, bullets, bows and arrows, etc.

* The appropriately placed Victorinox logo may only appear in red and white, black and white, silvergray and white. Any other colors require special approval from Switzerland, which must route through the Marketing Manager to secure.
