Upcycling

- **Single-Use Containers** are given a **Second Life** as **Reusable Sports Bottles** that can be **continually Refilled**.
- **Diverting materials** from the waste stream and **recycling** to create a product of **Higher Quality** and **Value** than the **Original**.

HERE'S HOW IT WORKS:

Single-use PET drink bottles and milk jugs are reclaimed from municipal recycling centers.

The containers are sorted, shredded and sanitized to meet FDA compliance to make rPET and HDPE material.

Fun Fact: Garyline is the first to offer this New 100% Post-Consumer Recycled material to the promo market!

100% POST-CONSUMER RECYCLED PLASTIC
USA-MADE
