Million BUTTON Challenge

Be One In A Million

Meet Ory, The Button Master!

When we started this project with Ory, it was our hope that we would inspire other businesses and individuals to extend opportunities to people who are blind or visually impaired. We share the goal of Bosma to change the conversation from disability to ability for this community.

The Million Button Challenge was born. **We set a goal of selling one million 1" buttons to provide a portion of the proceeds to Bosma, Center for Visionary Solutions (Bosma.org), in honor of Ory.** This challenge will also lead to additional opportunities for Ory and others from the Blind and Visually Impaired community.

Together, we can make a difference in the Blind and Visually Impaired community.

Scan the QR code below to learn how you can help us empower Ory and others like him by participating in our million button challenge!
