## PRODUCTION & SHIPPING FAQ'S

Production facilities operate both in the U.S. and overseas to provide flexible solutions and competitive pricing. Overseas orders ship via major international carriers such as UPS, FedEx, and DHL. U.S.-decorated products are shipped using UPS and FedEx. We currently ship to the continental U.S., major U.S. territories, and Canada. Please request a shipping estimate for Canadian orders.

Tracking numbers are provided as soon as your order ships.

Drop shipping to multiple locations is not typically supported, as freight costs are calculated for one destination in the continental U.S. If multiple ship-to addresses are required, additional charges may apply.

Production and shipping timelines vary by product. Please refer to the item's listing for specific turnaround times.

Carriers and customs clearance may affect delivery times. For any production-related questions, please contact your sales representative as early as possible.
