### **Melin Corporate Stealth Collection Patch Guidelines:**

We use a CPU patch. The guidelines we adhere to are 45mm for a circle patch, around 60mm for a rectangle or elongated shape, and 45mm for a square or outline patch dependent on the logo. We also do it on a case-by-case basis, but we tend to base it off the hat on most with the Hydro Legend Stealth at 50mm maximum.

### **Melin Corporate Collab Collection Patch Guidelines:**

With the melin logo proudly on the front panel of the cap, these styles are limited to the decoration location along the back left panel with brand guidelines enforced. We adhere to 40mm wide and 20mm tall for all rectangle, square and unique shaped logos. For circles, 30mm circumference.
