

Discreet Labels for Luxury Products

Lululemon® Jacket - \$300.00 Retail

2D Label Sewn onto Lululemon® Wonder Puff Jacket

The Lululemon Puff jacket model LW4CAC5 has been a popular choice this year.

Our distributor wanted to create a retail look for both the Lululemon jacket and the Peak Design backpack. Using the 2d patch on both items created a unified look when presented together.

Our expert sewing team is experienced with sewing patches onto expensive garments.

Instead of using heat seal, we prefer to sew a patch onto outerwear. This ensures that the patch will stay on for the entire lifetime of the jacket.

The soft 2d patch lays well on the puffer jackets and is flexible and will move with the garment.

We Decorate Your Garments and Supply the Patches. We do not sell the garments.

Peak Design® Backpack - \$300.00 Retail

2D Label Heat Sealed onto Peak Design® Everyday Backpack

The Peak Design Backpack lent itself to a heat seal 2d patch, the same one used on the Lululemon jacket. Due to the backpacks construction, there was no opportunity to sew. Our heat seal was applied with our Technicians to ensure a strong bond.
