## Bags, Caps and Pullovers

### Yeti® Bag Decoration

Our customer wanted to match the 2d hook patch with the color of the Yeti Bag that we were decorating.

The color team at Flexsystems are experts at PMS Matching and our distributor and their customer were very happy.

We made the 2d patch with Velcro back here in San Diego, then applied the Yeti bags and shipped them to the customer.

*We Decorate Your Garments and Supply the Patches. We do not sell the garments.*

### Puma® Pullover Decoration

Our distributor wanted a lightweight supple label to work with the fabric on the pullovers. We chose SupaColor heat seal transfers that provided the vibrant color and detail and were lightweight enough to move with the garment being worn. We can decorate your garments with flat or 2d transfers for your next event.

### '47 Clean Up® Cap Decoration

Our Client requested a patch that complemented their cap choice. The Flexsystems team came up with a colorful solution with optional front or side cap placement.

### Business & Pleasure Bag Decoration

Our Customer requested us to develop a label and challenged us with a difficult to decorate bag. The results were impressive and this helped to make the clients event a success.
