

# Resolve to Be Greener!

## The Adventure 32 oz. Bottle Made with Tritan™ Renew

Crystal clear reusable bottles made even more eco-friendly! Polyester waste, like carpet fibers and PET bottles, is chemically recycled into food-safe co-polyester. We then mold new, reusable, dishwasher-safe sports bottles using 50% post-consumer recycled content.\*

\*The recycled content is achieved through a mass balance allocation process certified by ISCC.

Available in crystal clear and transparent colors:
