Our ultra-thin terry towel is made from recycled polyester (RPET) and includes an edge-to-edge, full color, full bleed, sublimation imprint with one low setup charge. Due to its ultra-thin construction (200 GSM / 6 lbs per dozen), when tightly rolled, it takes up much less space than standard weight terry towels. It fits easily in backpacks, beach totes, yoga and other bags with room to spare for more towels or other items.
