PRIME
Labels

The primary label on your product or package that acts as an advertisement

Common Applications/Uses:

▶ An attractive label increases awareness and helps entice customers to buy the product.

▶ Build recognition and consistency among all of your company's products

▶ Generate shelf appeal with unique shapes by using freeform™ laser cut labels

▶ Create eye-catching dimensional effects with Color-Logic Process Metallic Color System™

▶ Alert consumers about ingredients, nutritional facts and allergens in food and beverages

▶ Add a QR code to your label to encourage online engagement
