

A SEASON OF

Thanks Giving

We are pleased to announce that through the end of November, **Natural Trends will donate up to \$5,000 of product** with each sanitizer order!

In recent months, we've been blessed to supply millions of units of sanitizer in the COVID-19 battle. We realize while so many have been struggling and hurting, we've been fortunate to stay busy providing you with sanitizer.

It's time for us to say **THANK YOU!** With every \$100 of sanitizer you order, we will donate \$50 worth of select stock sanitizer.

The free product may be used for your own company or family needs, included in your client's order, or donated to a worthy organization or cause of your choice. If donated to a senior care or medical facility, homeless shelter, school, police, fire department or similar type of community or nonprofit organization, we'll even pay the freight and ship the donation in your or your client's name. Please see details below.*

We are grateful to serve you and hope you and your clients may be blessed in this Season of Thanks and beyond.

Warmest regards,

 Paul Christensen
President, Natural Trends
