Choose Brown Kraft Roll Labels to give products a handcrafted look that resonates across artisan and natural product lines. Print on unbleached kraft material using spot colors or 4-color process plus white ink to achieve everything from simple graphics to detailed, full-color imagery. White ink creates a strong foundation, improving opacity and contrast so colors remain accurate against the brown background. Best suited for dry applications, these labels are ideal for coffee, tea, honey, baked goods, pet treats, balms, candles, soap, and other small-batch goods.
