Write-On Magnets

Write-On Magnets provide a pen-receptive surface for important information that stays put! The matte laminated surface offers a non-glare, writable surface ideal for recording permanent details using a ballpoint pen (the writing is not erasable). Smooth metal surfaces like a refrigerator, filing cabinet, toolbox, or locker make these magnets perfect for displaying essential information such as on-call numbers for healthcare providers, repair technicians, guest log-in credentials, or new account numbers with VIP service codes.
