CASE STUDY: ADVENTURE HORIZON

ACR-AW40

Acrylic Award - 40 Sq. In

Thanks to an incredible team effort, Adventure Horizon's latest sales figures on their new hiking package are through the roof! They want to honor everyone who went above and beyond, but they only budgeted for a small virtual celebration.

The solution?

Instead of pricier material, they invested in beautiful acrylic awards. That way, they were able to order enough for each of their corporate offices, delivered just in time for the virtual celebration event.
